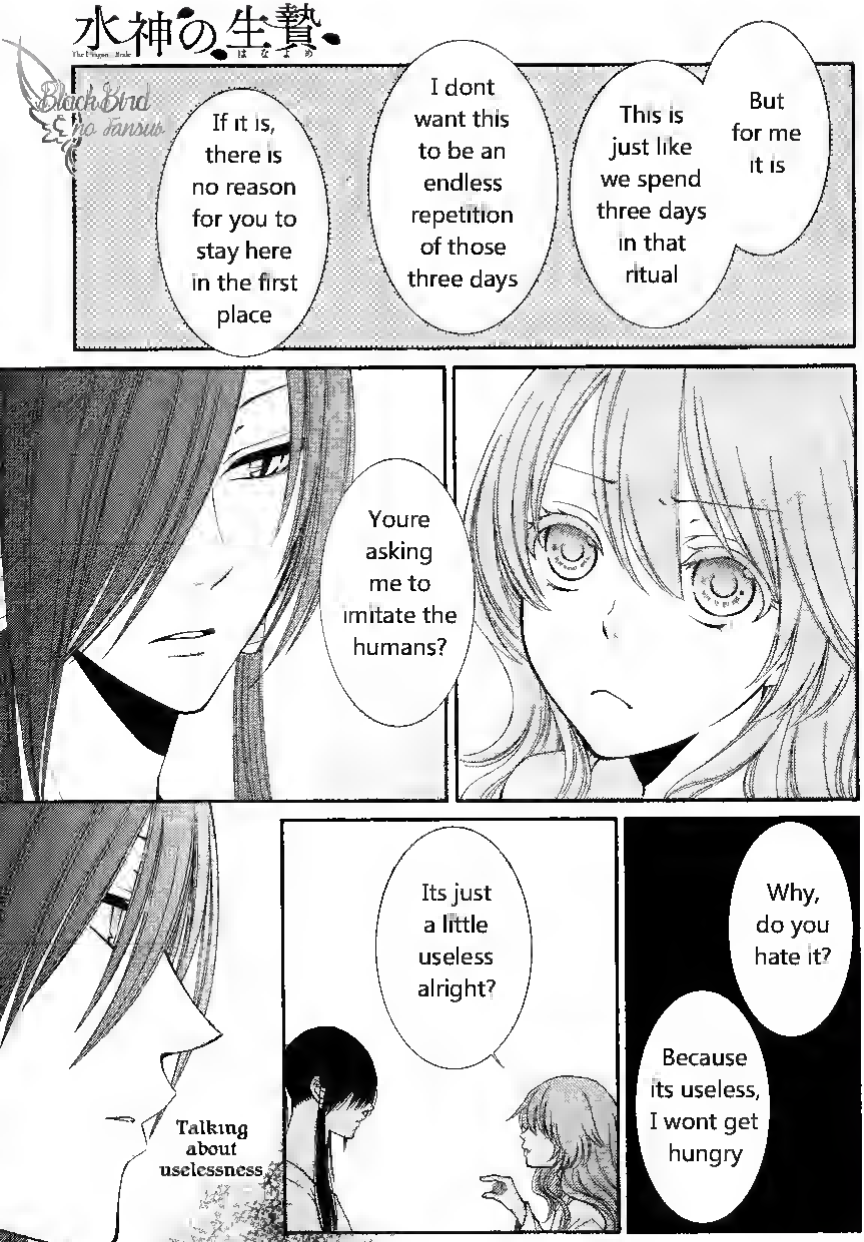
You dont sleep?
You seem to be misunder-standing
This body only looks human
My nature doesnt change at all
.....

Again ...
What are you trying to do?
Place
If you eat are you going to die?
Or will you get sick?
No way
BlackBird no Fansub
Its not necessary ...
Then its good, lets eat together



If it is, there is no reason for you to stay here in the first place
I dont want this to be an endless repetition of those three days
This is just like we spend three days in that ritual
But for me it is
Youre asking me to imitate the humans?
Its just a little useless alright?
Why, do you hate it?
Because its useless, I wont get hungry
Talking about uselessness

Was the most useless
Youve already done useless things, havnt you?
It wouldnt matter if you only did a little more
Useless things Ive done? What would that be?
Black Bird
Fye Hamuri
Until now I have done some useless things
But saving this girl

Things like saving me
.....
Here just this
Please eat it
Not chewing?

Mimicing the act of chewing
I dont feel its taste
The same as i dont feel pain
Doing what this girl wants
BlackBird no Fansub
Are you satisfied?

Black Bird no fansub

I wonder

Black Bird no Tamashii

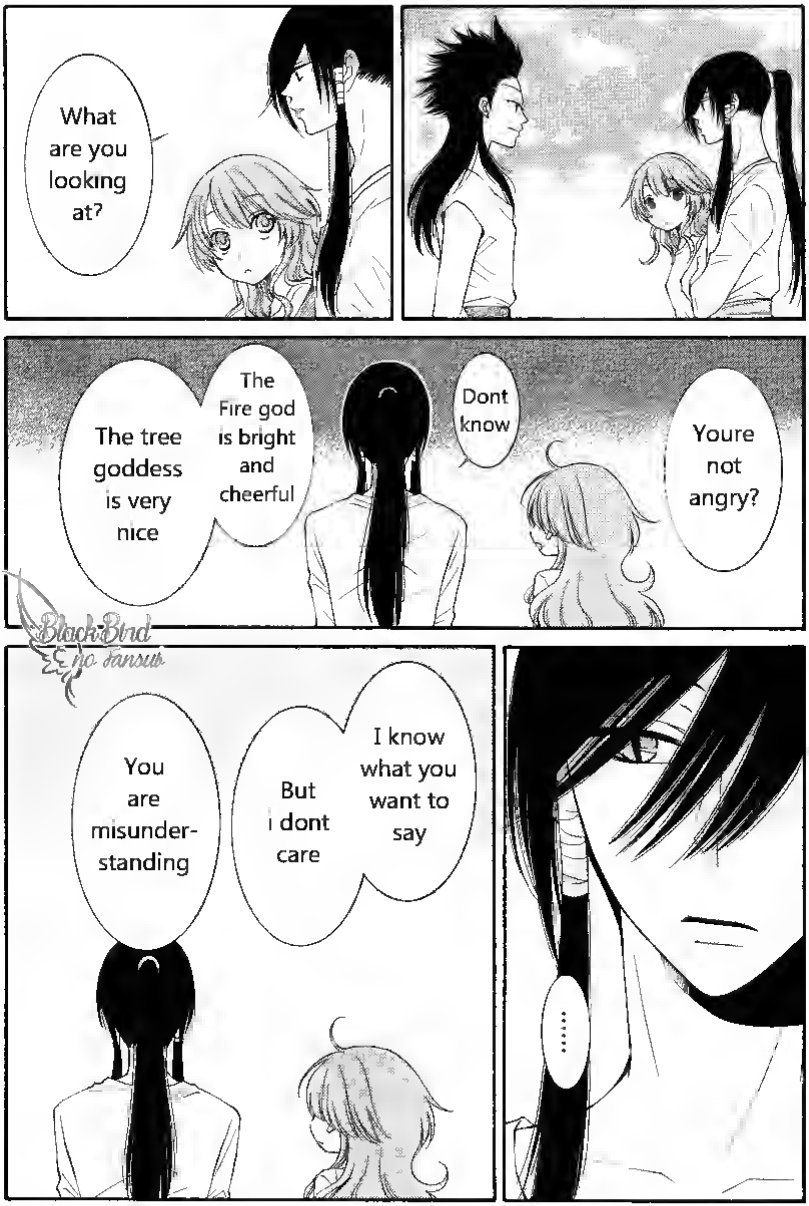
This god that knows nothing of humans

How much did this god grant me?

The person called "God" that is here

I think I will try to meet him

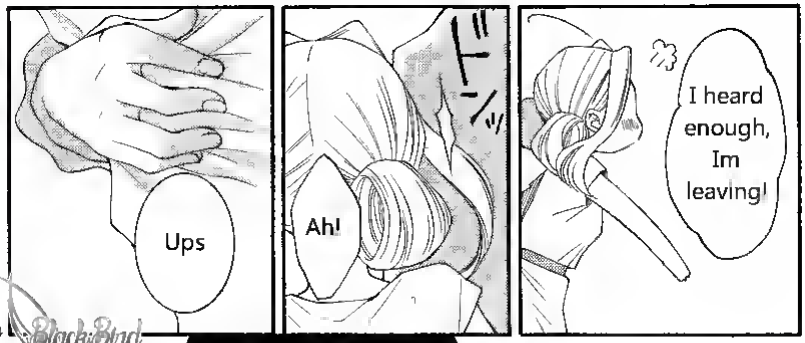
Oh
Ho
Black Bird
Chi Jansou
Youve grown a lot since the last time I saw you
Good day, Fire god
Ohhh
You got your voice back
Thats good



What are you looking at?
The tree goddess is very nice
The Fire god is bright and cheerful
Dont know
Youre not angry?
BlackBird no fansub
You are misunder-standing
But i dont care
I know what you want to say
.....

Her kindness
She feels sorry for people and is kind to them
The tree goddess is not nice
13
Is a pathetic
Pitiful and compas-sionate
Kind of piety

What? How rude!
Its a distorted affection
Those who arnt blessed and live an honest life
She has affection and compassion towards the unfortunate



BlackBird no Tansou

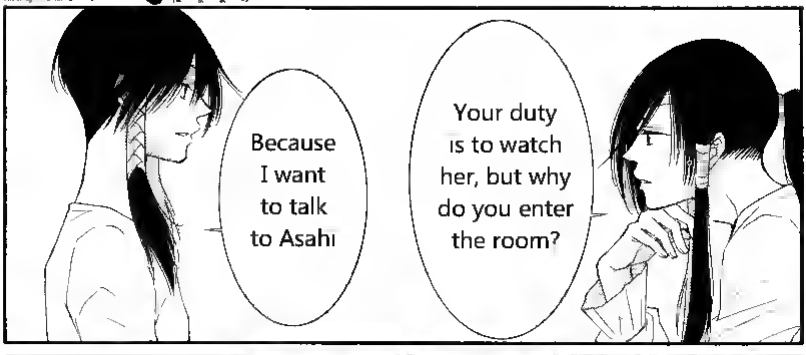
I guess your heart is unable to stay calm
Even so, you still want to be with her, poor thing
Black Bird no Tansuk
Why are you looking at me?
Im not looking at you



Because I want to talk to Asahi
Your duty is to watch her, but why do you enter the room?

Just the two of us

Then talk

Asahi!
I cant communicate with this guy! What is he even saying?!

Then its impossible
Im here

Water god, could you please step out for a moment?
Why?
Because we need a moment of privacy
Again, you use words I dont know
Ahh, thats enough. Subaru, we're going out
Oji-san just stay here
BlackBird
Ep no Tansho
.....
Allright
What do you need to talk about?
Oh, no ...

Yes
Well then the night before — also together?
Has the god really been staying with you the entire time?
Yes
Ah, no, the god doesnt sleep, so he was awake the entire night
Oh
Sleep together?
Black Bird no Fansub
He was watching her sleep?
For an entire night

Eh, Subaru whats wrong?
Black Bird
That god doesnt have feelings like love
Nevertheless
I know

Asahi Arnt you afraid of god?

When I was small I was very scared

@clay figures that were placed in old japanese tombs
The one she showed the water god is just example

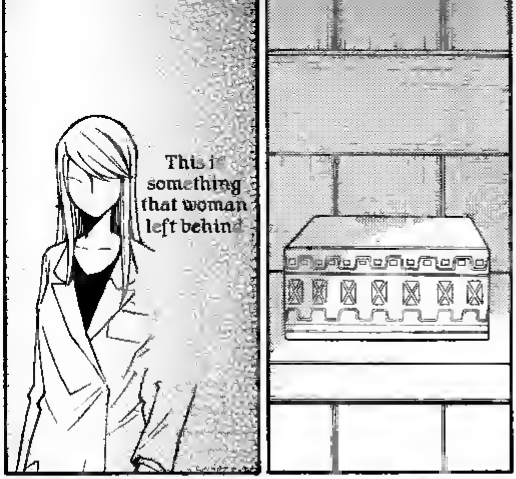
Haniwa?

Uhm its kind of the same as a Haniwa

But its not changeless

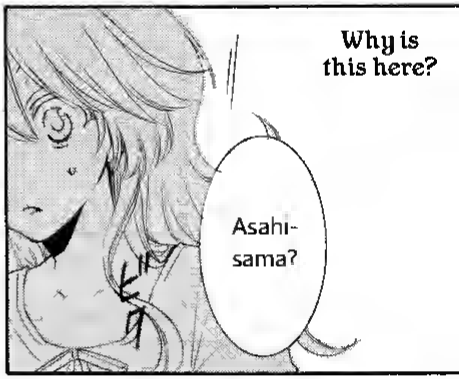
The god
And you too
Isnt Tsukihiko here? I wanted to talk to him
Ah

Tock
Seems like he isnt
Its fine, it can wait until next time... lets go back
Asahi, whats the matter?
I think I'll wait for Tsukihiko, could you go ahead without me?
Black Bird
no fansub



This is something that woman left behind

Tsuki-hiko!



Why is this here?
Asahi-sama?

Bye then
Eh, ah, — I wanted to ask you something, but I forgot what it was

Whats going on?

Close
What is that?
Theres no electricity here ...
Again a word I dont know
I guess without a power supply
Its useless after all
BlackBird

I want
to go back

Im
scared

And
lonely

I couldnt
forget

The limited
things I had
known so far

In my heart,
I repeated them
over and over
again

The face
of my
mother

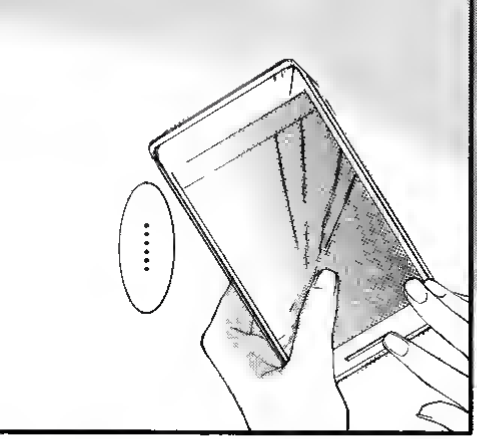
The language
of my world

Its words

The food

The landscape

I imagine
them in my
mind again
and again



I have the feeling that if I forget

I will dissolve in this world

Black Bird
Jasmine
Why is that?
Youre asking why ... but its because youre watching the entire time
Oji
Its difficult to sleep
I dont care
Or sometimes you grind your teeth horribly, or youre speaking weird things
You seem to have a pretty relaxed face when youre sleeping
Such things do not bother me

Black Bird

No matter if they are sad or ashamed
They will feel exhausted
And fall asleep
